👋Hi, we're RoSch!

We're RoSch, a new SaaS (software as a service) company coming to the popular RoSchool platform!

You might be asking; **who are we and what do we do?**
well, we will soon be providing essential services to the RoSchooling community through our new website, built on the gov.uk framework. This means that our website will look just like the government website that we all know and love...

As the Department for Ro-Education, our website will provide the following services to the community:

1. **RoSch Registry Service**
   a. This will be a free service whereas schools and trusts can register themselves on our platform, and will receive a URN (Unique Reference Number); which others can use along with the establishments name to find information about the school or trust.

      The service will provide information such as the acting Headteachers name, the establishments Discord server invite, and even the establishments latest Ofsted report!

      Don't worry, once our website is released, you will be able to register your school or trust straight away!

2. **Find Careers in Ro-Teaching**
   a. This will be another free service whereas establishments can advertise their current vacancies to the community, and applicants can retrieve relevant information such as what the role en-tales, monthly salary, etc.

      Applicants will also be able to find a link to apply for the role, whether that be via a Discord server or an external site.

3. **Apply for a RoSch domain**
   a. Attention all academy or trust owners, you will soon be able to apply for your own .ro-sch.uk subdomain! Get out there and show the World Wide Web that you're a RoSchool!

      This is a paid service and is provided by our parent company, Telehost Group. With this service, RoSchools and Trusts can apply to register a .ro-sch.uk subdomain of their choice (i.e. canonium.ro-sch.uk), and run websites, emails, SIMS systems, and so much more!

      You will be able to apply for a RoSch domain via our online form once we launch our new site. For the meantime, if you're interested in applying for a domain, don't hesitate to email Telehost at team@telehost.uk

DfE.enquiries@ro-sch.uk

4. **Get information about a RoSch domain**
   a. Linking in with our previously mentioned service, the "Get information about a RoSch domain" service is pretty self explanatory...

   This service allows a user to search for a domain, and retrieve information about a domain such as its owner's name, the owners contact information (Discord username) and much more.

   Wondering how this data is kept in compliance with GDPR? Thought you might ask that... When we release, you'll be able to view our GDPR policy at the following address: https://domain.service.ro-sch.uk/policies/gdpr/

5. **Read the latest RoSchool gossip!**
   a. Thats right people, you'll be able to read about the latest RoSchool drama and gossip right from our homepage.

   Speaking of, we're looking for people with hot stories for our homepage once we release. If you've got any stories, our would like to become a sort of 'reporter', please please email us at: newsroom@ro-sch.uk

And *soooooooooooooo* much more!
Again, once we release, you'll also be able to leave suggestions for our site at the top of our homepage.

When will the project be completed??
The project is expected to be fully operational and available to the public by Late April/Early May 2024. This may be delayed due to upcoming exams for most of our web-development team.

How can i get involved?
If you'd like to get involved with the project, all we ask is that you share us around! Tell your friends and even RoSchool owners to register for our service! We promise it'll be a killer!

With that being said, if you'd like to support us even more, we ask that you simply register for a RoSch domain, as this will help us with funding and to keep the project operational.

That being said, i would like to personally thank you all for taking the time to read this. If you do have any queries about our service, please do not hesitate to contact us at: DfE.enquiries@ro-sch.uk

Thank you, and see you in May!
(click here for a sneak peek of the site!)

ps. roblox headquarters coming soon xx

Expected Date: Late April 2024 | Queries? Email us: DfE.enquiries@ro-sch.uk
